<b>Weekly Check-in</b>	<b>2:50-3:30</b>	Language Arts	Science		Social Studies	Math

## **Frequently Asked Questions:**

### **Where do I find Google Classroom Codes?**

Google Classroom codes for all Junior High Classes are attached below.

### **Where are the links to live or recorded lessons?**

The Zoom or Google Meet links will be posted each week on the teachers Google Classroom. A folder to access recorded lessons will also be placed in Google Classroom.

### **How do we know what to do?**

Use the weekly schedule above to determine the live sessions you will attend. Links to all live sessions, classroom recordings, practice opportunities and assessments will be provided on your teachers Google Classroom.

### **What if I log onto a live session and no one is there?**

Our teachers will also be teaching onsite students at the same time. Please allow for a 10-minute window so our teachers can settle in all learners.

### **Do I have to watch an entire live session?**

Core teachers will keep the live session going throughout the focus lesson (new learning). The amount of time this takes could vary from 5 minutes to 40 minutes. When the focus lesson is completed, virtual students should be able to leave the session and use the remaining time to work on the practice posted on Google Classroom.

### **Exploratory/Elective Classes?**

Most of these courses are hands on/ project-based learning. Our teachers will be using Google Classroom to provide similar learning experiences for our virtual learners. Live lessons, recorded lessons, daily task, and assessments may vary based on the content of the course.

### **Do we have to participate in all live lessons?**

These are highly recommended. The best way to learn is through our highly qualified teachers. Please take advantage of their expertise by watching the live or recorded lessons.

### **My child qualifies for additional services. What do we do?**

The Winterset employee responsible for providing these services will be in direct contact with you and work around the schedule outlined to ensure those services are still provided.

### **How will I be graded?**

Teachers will assign grades based on the work completed by students and submitted as well as conferencing with students during the weekly check for understanding times.

### **How do we get our questions answered?**

Questions about virtual learning logistics will best be answered by Joshua Heyer. You can contact me by calling 515-462-3336 or email at [jheyer@winterset.k12.ia.us](mailto:jheyer@winterset.k12.ia.us). Questions about the work assigned should be directed to your child's teacher. Their information will be shared in google classroom, infinite campus, and the school website.
